

# Kindergarten workshop for instrumentalists

The day is designed to give instrumental teachers an insight into the Colourstrings approach to developing musicianship in children from 0-5 years. Through practical experience, DVD examples and exploration of child psychology, the participants will develop some understanding of:

- the principles of child-centred learning
- the musical potential and aptitude of very young children
- planning a musical session according to the age and stage of the children
- application of Kodaly principles
- the Singing Rascals repertoire
- songs, rhymes, movement and dance suitable for each stage of development

A course manual is available for use during and after the workshop and further relevant literature will be on display and on sale.

Completion of this workshop will be acknowledged by certificate and will count as a credit towards the official Colourstrings Associate Teacher Music Kindergarten 5-day Foundation Course.

Karen Mackenzie, course tutor, has trained musicians and teachers all over the world: England, Scotland, Ireland, Austria, Switzerland, Canada and South Africa, and her courses are always highly regarded and popular. For more detailed information on content, contact her on 01622 814267 or [karen@musicalterms.org](mailto:karen@musicalterms.org)

The cost of this one-day course, including lunch, and morning and afternoon refreshments is **£70**. Accommodation in twin/triple rooms at the Yehudi Menuhin School is available at an additional cost of **£20**, which includes an evening meal, on Friday 3rd August.
